List of Adherence Aids

EZY Dose 7-Day Classic Pill Reminder, Large
www.drugstore.com
Price: $2.49

The 7-day Pill Reminder® helps you remember daily medication! Easy-to-open lids indicate the day of the week by initial and Braille markings. Made of translucent, durable plastic so you can tell if you took your medication without opening the lid. Large individual compartments hold approximately 12 aspirin tablets. Ideal for vitamins and other medications. To open, gently push up on lid tab.

Multi-Alarm TimeCap Pill Bottle Alarm Timer

*www.epill.com*

**Price:** $29.95

- Up to 24 Daily ALARMS: You can set as many alarms as you wish (up to 24 daily alarms / only on the hour) - or NO Alarms at all. True alarm settings (NOT an Interval Timer) on the hour up to 24 alarm times per day.
- Automatic LAST OPENED Indicator: Visual indicator is automatically set each time the e-pill TimeCap cap is removed. LAST OPENED shows the patient when the cap was opened the last time. No special set-up required; This function works even if no alarms have been set.
- MISSED PILL Indicator: When the alarm time has been reached the alarm will sound for 10 seconds and the display will begin to flash. The flashing will continue until the cap is removed. FLASHING Display = Signal that medications are due.

---

MEMS ® 6 TrackCap (Medication Event Monitoring System)

*www.aardexgroup.com*

**Price:** $107 for TrackCap; $365 for Reader

Electronic monitoring system designed to compile the dosing histories of ambulatory patients prescribed oral medications. The system is comprised of two parts: a standard plastic vial with threaded opening and a closure for the vial that contains a micro-electronic circuit that registers times when the closure is opened and when it is closed.

GlowCap Medication Reminder Kit by Vitality

*www.cvs.com*

**Price:** $79.99 PLUS monthly service plan

- Accompanying reminder light that plugs easily into any visible outlet around the home that glows orange at the time of your scheduled medication, and sends immediate updates to you or your caregiver.
- Light and sound notifications escalate from subtle to insistent: devices glow, then make noise, then send a text notification or dial your home phone.
- Helps keep prescription schedules on track with email and progress reports sent to you and your loved ones.
- “Press-For-Refill” button at the base of the GlowCap® sends refill requests to your local pharmacy through the AT&T mobile broadband network, which sets up an automatic callback to confirm your refill.

**Senticare PillStation**

www.sentricare.com  
Price: $79/month PLUS one-time $89 enrollment fee

- Simple tray of day of week/time bins. Easy to insert and remove. If you will be away for a day or a few days, just take the day bins with you and let the Care Advisor know that you are taking this
- Easy to open and close bins; ample room to hold up to 8 pills for AM and PM and 5 pills for noon
- Large text on display and volume can be adjusted
- At the time of the reminder, the right bin lights up.
- Glow tells of how you are progressing on your adherence. A blue glow means all is well and other Care Glow colors indicate missed medications, medication interaction, message, etc.
- One button gives 24/7 access to a SentiCare Advisor for any questions or assistance with PillStation
