

**Protecting
our water
has never
been more
important.**

Clean, safe, drinking water. It's vital to every aspect of life.

That's why we've partnered with the National Community Pharmacists Association (NCPA®), to support their Dispose My Meds program. Together, with your local pharmacies, we're working to ensure that unused and expired prescription drugs are disposed of in an environmentally-friendly way. Join us in this important mission, and help us keep our water supply healthy and prescription drug-free.

**DISPOSE
my MEDS**
